Reflective Entry (Weekly activities)	Signature and remarks of faculty
• This week, I attended a meeting with my teammates to discuss the workload and generate ideas for the upcoming phases of the project. • Attended a meeting with the Research Assistant (RA) and discussed our project's direction and next steps. • Further researched and refined the scope of our previous tentative topic • Learned about the process of conducting an HCI (Human-Computer Interaction) report/evaluation. • Contributed to the paper draft. • I also completed the class-wise task assigned by our respected course teacher, which is chapter 1 (Introduction) in Overleaf & prepared a presentation slide.
