Group: 262-074	**Date: 5 August,2026**	**Week: 4**

Reflective Entry (Weekly activities)	Signature and remarks of faculty
• Throughout the week, our team conducted several meetings to review progress, discuss ongoing challenges, and plan the FYDP's next steps. • Had several meetings with our RA on Discord to discuss the project's next steps. • Modified our tentative project topic to "**Design and Evaluation of an Explainable Legal Assistant for Bangladeshi Law to Mitigate LLM Hallucinations.**" • As per our course teacher's instruction, we found several papers similar to our topic and are beginning to prepare an Excel sheet to organize and review them. • As our project topic is now modified, we have focused this week on identifying our target audience. • Identified two target user groups (initially): ▪ Laymen ▪ Legal experts • Prepared the presentation slides for our upcoming presentation.
