CSE 4000: Final Year Design Project (FYDP)
Reflective Journal Entry
United International University (UIU)

Name: Ibtida Ara		**Sec: J**
Group: 262-074	**Date: 2 September,2026**	**Week:7**

Reflective Entry (Weekly activities)	**Signature and remarks of faculty**
• Learned about scientific presentation as discussed by our course teacher in class. • Updated our slides as per the instructions given in class. • We conducted a team meeting and documented the work we have completed so far. • This week, I read the paper titled **"eDakterBari: A human-centered solution enabling online medical consultation"** (2025). • Key Findings: ▪ No prior research exists on healthcare interventions for orphans in Bangladeshi orphanages. ▪ Earlier models relied on external intermediaries (shopkeepers/pharmacists) who relocated, breaking care continuity. ▪ Orphanage staff (admins/teachers/nurses) can serve as trusted, always-present healthcare conduits — a role left unexplored until now. ▪ Proposed a redesigned eDakterBari app built around this staff-mediated model.
